Perspectives From Court

"The program helped me to use tools to deal with my anger."

- Clay County Offender

"I feel safer now as a result of the court process."

- Clay County Victim

"The program not only benefits victims and offenders, but the community in general by reducing the economic costs associated with domestic violence as well as increasing the public safety."

- Pamela Harris, Chief Assistant County Attorney

*National cost refers to the estimated net loss attributed to domestic violence crimes each year. Clay County cost refers to the annual net savings from the reduced rate of crime incidence attributed to Domestic Violence Court.
