Call the office for Tree Planting, Tilling, and Matting Prices

Due to numerous factors beyond our control, the Clay SWCD is unable to provide a guarantee on the trees we sell.

Cancellations not accepted after February 28, 2023

COUNTY ORDINANCE

For Tree planting along county roadways

8-3-8: Tree Planting:

- A. **Projection Over Public Ways Prohibited:** No person, whether owner or tenant of any property along the streets or roadways of the county, shall permit any trees to project over the sidewalks, streets, and roadways, and twelve feet (12') above streets and roadways.
- B. **Responsibility to Trim:** It is the duty of all persons, whether owners or tenants, to keep the trees along public streets and roadways adjoining such property trimmed in such manner that trees shall not interfere with travel on said streets, roadways, and sidewalks.
- C. **Road Right of Way; Ditch Back Slope:** No person shall plant any tree, shrub, or other vegetable growth except lawn grass on any road right of way, or within confines of the ditch back slope.
- D. **Intersections:** For the purpose of ensuring reasonable visibility at street or roadway intersections, trees shall be trimmed to at least twelve feet (12') above street or roadway surface.
- E. **Shelterbelts:** Shelterbelts shall not be planted closer than one hundred twenty five feet (125') from the center of the road.
- F. **Windbreaks:**
 - 1. **North and West:** Farmstead windbreaks, when planted north and west of road, stay one hundred feet (100') away from center of road.
 - 2. **East and South:** Farmstead windbreaks, when planted east and south of road, stay seventy five feet (75') away from center of road.
- G. **Hedges:** Hedges may be planted seventy feet (70') from the center of road if they do not exceed a height of twenty four inches(24").
- H. **Platted Areas:** In platted areas, trees and shrubs may be planted no closer than seventy feet (70') from center of road.

RECOMMENDED IN –ROW TREE SPACINGS

Shrubs (Dogwood, Lilac, Juneberry): 3'-6' apart.

Medium Trees (Plum, Common and Shubert Chokecherry, Flowering Crab, and Amur Maple): 6'-10' apart.

Large Trees (Black Walnut, Bur Oak, Elm, Hackberry, Poplar, Flame Willow, Laurel Leaf Willow, Little Leaf Linden, & Evergreens) : 10'-16' apart.

Large Trees (Silver Maple and Male Cottonwood) : 20' apart.

RECOMMENDED BETWEEN –ROW SPACINGS

Shrubs and medium sized trees: 12'-16' apart

Medium sized trees : 12'-16' apart

Medium and Large trees : 16'-20' apart.

A good rule of thumb when figuring spacing between rows is to allow 3'-4' on either side for tillage equipment. Example: for a 10' disc or field cultivator you would allow 16'-18' between rows.

We recommend keeping the area around the trees black for at least 3 years.
